Foch's Smash Reaches Bapaume

DEMORALIZED HUNS FLEE AS ALLIES SLASH THROUGH FAMOUS HINDENBURG LINE

WITH THE BRITISH ARMY IN FRANCE, Aug. 27.—The Hindenburg line has been penetrated by British troops at a point east of Heninel.

LONDON, Aug. 27.—British forces are established in the northern outskirts of Bapaume, according to the official statement issued at the war office today.

LONDON, Aug. 27.—British forces in the great battle of Picardy are making progress toward the village of Beugnatre, two and a half miles northeast of Bapaume, according to the official statement issued at the war office today. There is hard fighting around Croiselles, farther north, the statement says.

Since last Wednesday the British have taken 21,000 prisoners, the statement says.

The British have pushed through the town of Montauban, three miles north of the Somme, and, capturing the wood near that place, have reached Longueval, the statement says.

Australian forces have made substantial progress toward Dompierre, south of the Somme, and east of Suzanne, north of the river, the statement adds.

North of the Scarpe River, Scottish troops renewed their attack against the Germans last night and have advanced toward Plouvain, the statement says.

PARIS, Aug. 27.—French troops advanced this morning in the region of St. Mard, southwest of Roye, after having repulsed a number of enemy attacks in that sector, according to the official statement issued at the war office today. They have captured 1100 prisoners, including two battalion commanders, the statement says.

East of Bagneux, north of the Ancre, the French have advanced their line about three-quarters of a mile, the statement says. German counter attacks were repulsed in this region.

REGISTERING MACHINERY 13 MILLION SOLDIERS IS PERFECTED

WASHINGTON, August 27.—Tentative instructions to officials of all local boards having charge of the registering of the 13,000,000 manpower list was issued today by the porvost-mashal general's office. The instructions cover thirty printed pages, and determine all questions which may arise in handling the enrollment of the men of America between the ages of 18 to 21 and 31 to 45, inclusive.

All men who have passed their eighteenth birthday and have not

CHANGE IN NATION WANTED BY GERMANS

WITH THE BRITISH ARMY IN FRANCE, Monday, Aug. 26.—The idea of a change in the government of Germany seems to occupy a place in the thoughts of many German soldiers, judging from remarks made by prisoners. One of those who has expressed hopes of a change was a soldier from Baden. He said he and his comrades had had more war than they wanted and hoped that as soon as the war was over Baden would become an independent republic.

MORE WORKERS ARE WANTED BY U. S.

List from the U. S. Government posted today at the Public Library show that there is an urgent war need in the U. S. Civil Service for more workers. The war can not be won in the trenches alone, an efficient civil service is vital to the success of the nation's great undertaking. There are probably many people in Richmond who are fitted for the various positions open in the government service.

Among the workers needed now are various clerical and statistical helpers; draftsmen; engineers; chemists; toolmakers; wireless operators; machinists; engravers; military storekeepers; etc.

Consult the lists at the Public Library for the full list of workers needed. Salaries up to $3000. Write to the U. S. Civil Service Commission, Postoffice Building, San Francisco, for application blanks.

NO EXCITEMENT IS MANIFESTED OVER ELECTION

Thus far today, up to the time of going to press, the vote at the primary election in this city has been exceedingly light, but it is expected that the bulk of the vote will be cast between four o'clock and sundown this afternoon.

From all appearances at the present time, Lane for supervisor and Johnston for district attorney are defeated. Calahan people, too, are very confident of success, but it is all a guess, for no man knows what the result will be, for it cannot be told until after the votes are counted.

It is expected that the total vote will be very large in this city, for the friends of all the candidates are out in force working as hard as they know how and urging their favorites on the electors.

CITY COUNCIL SESSION WAS LIGHT LAST EVENING

Mayor Lane and Councilman Watson did not attend the meeting of the council last night. There was too much politics in the air and they were not expected, so a pro tem chairman occupied the executive's place and carried on the business of the meeting. It is understood that Lane and Watson were attending the ball which was given by Candidate Donnelly at East Shore Park.

J. O. Ford, expert accountant for the city, reported that he had finished his work of inspecting the city's books and found them in excellent condition in every respect.

The city's potato crop is harvested and in the cellar—the city hall

INDEPENDENT AND RECORD-HERALD WILL TAKE ELECTION RETURNS

With the idea of conserving money and man-power, as is consistent with government and civil needs, the Daily Independent and Record-Herald have combined their resources to receive election returns this evening by telephone and telegraph.

A screen will be set up in front of the barber shop next door to the Daily Independent office on Macdonald avenue and the returns will be flashed across the street with a powerful stereopticon from one of the rooms in the Ludewig building, which has been secured for that purpose by the newspapers.

Arrangements have been made to receive a full report from all portions of the state and particularly from Contra Costa, which is of most interest to all our people, for several of our local men are in the fight and for that reason the returns will be watched with a great deal of interest.

Come out and be the guest of the Daily Independent and the Record-Herald this evening and receive the news hot from the wires.

All the home news and excellent telegraphic news reports found in the Record- Herald.

CONQUER OR DIE, SAYS KAISER

LONDON, Aug. 27.—"War to the death; conquer or perish together," the newspaper Epocha claims to have learned, is the decision announced by the kaiser following his recent conference with Emperor Charles, according to a Central News dispatch today from Rome. The Epocha asserts that the kaiser declared that no concessions will be made to the enemy and that war on land and sea will be intensified.

AUSTRIAN TROOPS IN OPEN MUTINY

ZURICH, Aug. 27.—A mutiny of German troops en route to the front is reported to have taken place at the railway station at Berlin. According to the report the troops refused to proceed until machine guns were trained on them.

EVERY TENTH MAN SHOT.

AMSTERDAM, Aug. 27.—There are persistent rumors from a German source, says the frontier correspondent of the Telegraaf, that a German battalion on being ordered to the front unanimously refused to go, whereupon every tenth man was shot. The others then gave up their resistance.

20,000 AUSTRIANS REVOLT.

LONDON, Aug. 27.—A dispatch to the Daily Express from Paris quotes an officer just returned from Italy as saying that there are 20,000 armed mutineers behind the Austro-Hungarian lines in Italy. According to information reaching the Italian lines, three battalions of Austrian troops were sent to capture the mutineers. These, instead of attacking, joined the mutineers.

DESERT EN MASSE.

STOCKHOLM, Aug. 27.—Reports received in Sweden indicate that internal conditions in Austria are becoming increasingly serious. According to advices received today soldiers are deserting from the Austrian army, en masse. It is enlikened to conditions in the Russian army just before the revolution. Deserters are reported to be pouring back from the front in Italy in a starving condition and are selling their equipment for bread.

PASSENGERS ON STREET CAR STRANDED

There was dire trouble among the people living out of town and working in this city shortly before 8 o'clock this morning. The trouble occurred at Stege Junction when the electrical equipment on a street car north bound burned out. Pretty soon a car came along behind the stranded car and hooked onto the stranded car and attempted to push it into town, the wire connections of the second car burned out. A third car met a like fate—all three standing on the track as dead as the proverbial door nail.

The passengers began to fume and then swear. Then the males got off their respective conveyances and walked into town, in time to go to work at 8 o'clock.

ALVIN GERLACH IS HERE VISITING HOME

Alvin Gerlach is back from Fort Logan, Utah, on a furlough and is going to the Presidio each day taking examinations for special service work. He is a sergeant-major of his company and is in line for a commission and will be examined in some of the finer branches of the service looking to that end.

Gerlach says the boys who are at Fort Logan are all very much pleased with their work and are in the harness from daylight to dark with the greatest enthusiasm. He will remain in Richmond until next Monday and will then return to his cantonment by way of Los Angeles and the Salt Lake railroad.

INCORRIGIBLES TO BE DRAFTED IN UTAH, PLAN

SALT LAKE, Aug. 27.—Drafting incorrigible boys for farm work instead of sending them to reform schools, thus assisting in food production and giving the boys a better chance, will be the probable action of Judge C. H. Nielsen of the juvenile court of Salt Lake. The plan, Judge Nielsen said, should be a success, although he admitted he did not expect 100 per cent results.

"Whenever we find a combination of a boy likely to take to farm work and a farmer capable of appreciating a youth of that sort and having understanding enough to handle him right, it may mean the regeneration of the boy," Judge Nielsen said. The plan would provide for remuneration of the boy while employed and would call upon the farmer for a bond. Judge Nielsen said each case would be investigated, both as to the qualifications of the boy to do farm work and of the farmer to take care of him.

The disposition of the court, Judge Nielsen said, will not be to coerce the boys into the venture, but to give them the opportunity as against commitment to the state institution.

NEW CARRIER OF MAIL INSTALLED THIS MORNING

Deputy Postmaster R. C. Coffey reports to the Record Herald that a new letter carrier has been provided by the federal government for the Richmond postoffice. The new man is T. P. Healey from the Point district and he went to work this morning on his route. This is the second letter carrier that has been put to work in Richmond during the past two months.

The government has placed an extra hard burden on the postoffices of the nation in handling the War Savings Stamps and carriers are expected to do a great deal of soliciting for their sale as they go about their duties. This takes a great deal of time. Then, too, the work has been greatly augmented by reason of additional population, so that it was found impossible to keep up with the old force of men. This makes $2,000 more added to Richmond's pay roll.

BERT TREANOR IS SAFELY LANDED IN FRANCE

Bert Treanor, formerly with the La Moine Drug Company is reported landed in France. He took his training at Camp Lewis.

3600 MEN TO BE CALLED TO COLORS AT ONCE

Thirty-seven hundred questionnaires were received by the local exemption board today from the adjutant general's office in Sacramento for the purpose of taking the registrations of the men in this district for the draft and preparing them to go to war. This class will take men from 18 to 21 and from 31 to 45 years of age and will include within this scope about all the man power to be secured in the district, state and nation.

The machinery for the draft is now all at hand and will begin to operate as soon as the Provost Marshal General gives the word, which will be in a very few days now. The first task is to register and then afterward your questionnaire will be sent to you and after that the physical examination and then the call to the colors.

IMMIGRATION LEAST SINCE CIVIL WAR DAYS

WASHINGTON, Aug. 27.—Immigration to the United States during the year ending June 30, placed at 110,618 by a bulletin of the immigration service issued today, was less than in any year since the civil war.

Mexico furnished the largest number of the 1918 immigrants, the total admitted from that country being 17,602. England was second and Japan third.

SPANIARD, VICTIM OF SUBS, PAID BY KAISER

PARIS, Aug. 27.—Germany has awarded to the family of Enrique Granados, the Spanish composer who perished with his wife in the sinking of the Steamer Sussex in 1916, an indemnity of 650,000 pesetas, says a Madrid dispatch to the Tempa.

BOARD NAMED TO SPEED UP WAR

WASHINGTON, Aug. 27.—Creation of a facilities division to speed up industrial activity, largely through conversion of plants of war work, was announced today by Chairman Baruch of the War Industries Board. Samuel P. Bush of Columbus, Ohio., is head of the new division.

It will be the duty of the division to consider and pass upon all questions of need or suggested need of new and additional industrial facilities for the conduct of the war. Bush will determine whether existing facilities can be adjusted to meet increased war requirements, and, where necessary, will direct creation of new facilities.

BOLSHEVIKS SET FIRE TO TOWN

LONDON, Aug. 27.—Bolshevik troops have set fire to a number of villages near Moscow following labor meetings supporting the counter revolution, according to an Exchange Telegraph dispatch from Moscow. Furious clashes between workmen and Bolshevik troops are reported.

U. S. POLICY APPROVED.

ARCHANGEL, Tuesday, Aug. 20. Nicholas Tchaikovsky, president of the provisional government here, made this statement today concerning the recent announcement of America's policy toward Russia:

"America's policy exactly meets our wishes. We want to bring about a new Russian front and reorganize the country ourselves. We want the allies to form a stream of troops behind which we can work out our own salvation."

He added that he would soon issue an order mobilizing a new national army and restoring compulsory military service.

SERVICE AND SAFETY GO HAND IN HAND

Perfect safety and the best service go hand in hand with us. A conservative policy has never been sacrificed for passing advantage, and the careful business man recognizes that such a system is the rock upon which a great banking institution is reared. We treat our depositors much as a good commercial house would treat its customers, knowing that their good will and approval of our service is as vital to us as if we sold goods. Large depositors and small ones are on the same plane. We will be glad at any time to open an account with you and our perfect organization and up-to-date methods are always at your command.

Independent Democratic

THE LONG BATTLE.

The allied offensive began a little more than a month ago and there has been no let-up since it began. It was a counter-stroke against an enemy that, by sheer weight of numbers, had been triumphant in almost every move since March 21. The French and the British and the Americans had been on the defensive, when suddenly, under the master warrior, General Foch, the tide turned. The defenders became the aggressors, and from that hour to this there has been an advance against the common foe. It has lagged at times, but no sun has set since August 16 upon the Allied armies without showing them in a better situation than they they were when it arose.

Up to the time of this offensive the American soldiers had had relatively little opportunity to reveal their fighting qualities. Wherever such opportunity had presented itself they had acquitted themselves with courage and honor, but it was was not until this battle of the Marne that they made the Hun realize that they were a factor to be considered in all future reckoning.

It has been a glorious month for America — a month from which dates the beginning of the end of Prussian militarism.

LACK OF UNITY.

More nations have fallen through lack of unity than for any other reason, and Poland, which today is bidding for independence, owes her downfall to the blindness of her people in becoming divided at a critical hour. It was hoped by the Poles that Napoleon would re-establish their independence, but it was impossible for the Corsican to make a decision between the factions which constantly were clamoring for his recognition, so he left Poland as he had found it, fettered and quarreling. For nearly a hundred years hope of freedom waned in Poland, and there only were smouldering embers left when the present war began.

Now, Poland has probably the best opportunity she has been offered since the days of her dismemberment, there again dissension threatens to cause more trouble for the Poles. There are thousands of Poles fighting with the American and entente allied armies, probably as many as half a million of them, and in their hearts the quenchless fires of liberty are burning. These men are willing and eager to make the supreme sacrifice if by so doing they can set their country free. They have faith in the promises of the other democracies, and they are confident that the end of this war will leave their country independent.

There is another element of Poles imbued with the idea of absolutism. Those in this class are hand in hand with the Huns. They are willing to accept Teutonic domination if it will bring them independence in name, and give them a measure of authority over those in Poland who are with the democracies. The Polish royalists are more like the royalists that caused the French revolution than they are like twentieth century people. The Germans are treating with the royalists, and it is likely that they will do all they can to use these outcast Poles in their vassalage scheme.

As a matter of fact the Polish royalists are small in numbers, but, because they have the ear of the kaiser, they are just at this moment strong. It is possible for them to use their present power to build up a following which the loyal Poles will have to overcome when they get hold of their country, for a king will fight for a throne until his last armed subject expires. It is to be regretted that after more than a hundred years of bondage the Poles still are in the dark as to the strength of unity, and that a few of them, although living in an era of widespread freedom, cannot understand that emperors and kings have gone out of style. The great majority of Poles, however, are alive to the trend of the times and are able to understand the difference between friend and foe, and against these the minority may struggle in vain.

THE CASUALTY LISTS.

How do you read the casualty lists?

Do you begin at the top, turn to the right hand column and scan the heroes by home towns? Or do you look at the names, and, meeting a familiar one, look to the address to see if it is the boy you know; and, if it is, then read the subhead to see his fate?

Perhaps you start with the slightly wounded and read up to the deeper tragedies where you glance gingerly as on dangerous ground hoping and full of faith that none of the names there will bring you face to face with a supreme sacrifice made by one close and dear to you.

When the list has been read without any start of recognition you feel happy—but only for a second because you know that every name represents a splendid American who has given his blood for you here at home. You share the grief and the pride of the folks who know those names with heavy hearts.

Are you worthy of their sacrifice?

You are not worthy if you do not give the best that is in you in backing them up. Those boys were asked to stop the German drive on Paris. They did it and in addition drove the Huns beyond their starting point toward the Rhine. You are asked to more than double your last Liberty Loan investment because the Government needs at least six billion dollars. Think of that daily casualty list and then dare to put down one cent less than you can afford to invest when the campaign begins September 28. Why not make your investment on the first day. Go over the top with the first wave—not the last.

GEN. MARCH'S POPULARITY.

No statement about the war and the movements and work of American troops is looked forward to with the keen interest that General Peyton Conway March's are; and they are straight to the point and contain the news. One of the most popular acts of the President was the appointment of General March as Chief of Staff and his designation as the man who was to tell newspapers what is being done on the other side. Certain officials there were in Washington who seemed to clothe in mystery the work of our soldiers abroad. They either did not know what was being done, or, if they did know, they refused to tell. As if information regarding the fighting of their sons was to be withheld from Americans! General March is frank. He meets the newspaper men twice a week in the War Department and in plain words tells them the news, lets them know how many soldiers have been sent over there and where they are, and gives information about the moves of the various divisions and the regiments composing them. He withholds nothing that the people are entitled to know. A splendid man in his place is this soldier from Pennsylvania.

General March tells us that the war is going to end next year. That the United States is going to put enough men and war munitions over there to end it and we believe him. Four million American boys can clean up the Huns and skurry pellmell into Berlin. That is just what will be done, according to General March.

NOTICE TO TAXPAYERS

State and County Taxes for the Fiscal Year 1917-1918

Office of the Collector of State and County Taxes, Martinez.

Notice is hereby given that I have received from the Auditor of Contra Costa county the Duplicate assessment book for the fiscal year 1917-1918, and that the taxes on all personal property secured by real property and one-half of the taxes on all real property is due and payable on the THIRD MONDAY IN OCTOBER and will be delinquent on the first Monday in December next thereafter, at six o'clock P. M., and that unless paid prior thereto fifteen per cent will be added to the amount thereof, and that if said one-half be not paid before the

LAST MONDAY IN APRIL NEXT at six o'clock P. M., an additional five per cent will be added thereto. That the remaining one-half of the taxes on all real property will be payable on and after the

FIRST MONDAY IN JANUARY NEXT and will be delinquent on the LAST MONDAY IN APRIL next thereafter, at six o'clock P. M., and unless paid prior thereto, five per cent will be added to the amount thereof.

That all taxes may be paid at the time the first installment, as herein provided, is due and payable.

Taxes are due and payable at the office of the Tax Collector, in the Courthouse at Martinez, Contra Costa county.

MARTIN W. JOOST, Tax Collector Contra Costa County. Nov 7—Oct 8

HEART DAY SALES NETTED COMMITTEE LARGE SUM FOR THE HOMELESS CHILDREN

Details of the Heart Day results were omitted from yesterday's Record Herald on account of its being turned in too late for publication, but it was a great success, as was told in last night's paper, the net results being $441.33 for the homeless children.

The first prize, a girl's gold lavalliere and chain was awarded to Angelina Dabovich who turned in the sum of $26.95. The second prize went to Francis Freethy, who turned in $16.27.

Sigmund Kurtz secured the sum of $13.29 and received the watch which was given by the committee, while Lloyd Sutton, a boy scout, won the knife which was one of the prizes awarded.

The sum of $65.21 was gathered in at the Point by seventeen workers registered there and the following were given silk American flags for having $5 or more in their banks: Johnny Camerlo, Margaret Lee, Helen Hull, Ellen Burton, Irene Ritchie, Agnes Dooling, Pete Caro, Phillip Wiurem, and Marshall Neidecker. Miss Ashfield, principal of the Washington school, and Mrs. Emily B. Axtell, her assistant, had charge of the headquarters there.

Fourteen children registered at the Chamber of Commerce Headquarters and their banks totaled the sum of $376.12, making the grand total of $441.33. All of the banks returned had especially large amounts in them and the children worked with the greatest enthusiasm.

The following received flags: Palmer Wells, Vira Miller, Charles Renwick, Henry Henrickson, Francis Freethy, Angelica Dabovich, Mary Gilmore, Hazel Olsen, Erdine Gardell, Wilbert Woolslayer, Alfred Freetaz, Sigmond Kurtz, Charles Ingham, Julius Strauss, Eloise Clarer, Helen Clark, Gerald Coakley, Norman Schoefler, Floyd Stanton, Mawrine Jones, Helen Wakefield, Emily Shanks, Irwin Cassidy, Mildred Oermis, Floyd and Pauline Beda.

The work was materially assisted by the activity of the Boy Scouts.

The Choice of Those Who Know
Manufacturers and leading motor car distributors recommend ZEROLENE.
The majority of motorists use ZEROLENE.
ZEROLENE reduces wear and gives more power because it keeps its lubricating body at cylinder heat. Gives less carbon because, being refined from selected California asphalt-base crude, it burns clean and goes out with exhaust.
ZEROLENE is the correct oil for all types of automobile engines. It is the correct oil for your automobile. Get our lubrication chart showing the correct consistency for your car.
At dealers everywhere and Standard Oil Service Stations.
STANDARD OIL COMPANY (California)
Correct Lubrication for the "V"-Type Engine
This, the "V"-Type of automobile engine, like all internal combustion engines, requires an oil that holds its lubricating qualities at cylinder heat, burns clean in the combustion chambers and goes out with exhaust. Zerolene fills these requirements perfectly, because it is correctly refined from selected California asphalt-base crude.

SPECIAL SERVICES AT THE CATHOLIC CHURCH

There will be a special celebration in St. Paul's Catholic church at San Pablo on next Sunday, September 4th. There will be no mass at 8 a. m., but at 10 o'clock there will be a High Mass and an extra choir in charge of Mrs. Frank Bailey. After the mass there will be installation of the stations of the cross and the blessing of the new grotto and the statues of Our Lady of Laurds and St. Rita.

A full attendance is requested at these services by the people of the parish.

Classified ads will be taken over the phone and collections made by messenger on payment of 10¢ extra for messenger service.

Not One Chinese In Ten Thousand Has Constipation

except a few drug users, while about 90 per cent of the Americans suffer from this dread complaint. The FONG WAN HERB SPECIALIST gives the following explanation of this phenomenon. "When a Chinese is ill, he immediately consults a Herb Specialist and the cause is removed, but, when an American feels bad, the first thing he does is to take a PHYSIC. This may relieve him temporarily, but repeated doses of such drugs eventually paralyze the bowels. As the bowels then no longer move naturally, physic taking become a habit, the weakened bowels drag, and there is a heavy pressure of gas on the rectum. If the poor victim be a man, the physician will usually tell him that his trouble is piles; if a woman, that it is female trouble."
By drinking the Fong Wan harmless Chinese herbs, hundreds of Americans have not only been relieved of their stomach and bowel troubles, but have been made normal again. Their testimonials are on file.

TO ALL PATRIOTIC CITIZENS
The following appeal to patriotism is issued by the Power Administrator appointed by the Railroad Commission of the State of California:—
Conserve Electricity
Patriotism demands that you save electricity for war industries.
Northern and Central California have a SERIOUS power shortage because of lack of rain during the past winter and the increased use of electricity by war industries.
These War Industries Must Have Power
There is not enough power for everybody at the present rate of consumption. It is up to you to save. Turn off lights whenever possible and use lower power lamps.
This is one other thing you can do in the great struggle.
H. G. BUTLER
Power Administrator.

OUR BOYS AT THE FRONT ARE CALLING FOR MORE BOOKS

The Richmond Public Library has received today a request from the American Library Association's Headquarters in Washington for more books from this community for the men overseas.

The appeal from Washington states that new novels and good Western stories, whether new or old, are most needed. Books by Zane Grey, Rex Beach, Jack London, Ralph Connor, Owen Wister and O. Henry are very popular. The Public Library announced that it will receive and forward all suitable books that are turned in. It urges the friends of the soldiers and sailors, many of whom have already responded most generously, to give more books.

The communication received by the Library from the Washington Headquarters states that over 600,000 books have been sent overseas. The supply is nearly exhausted, and several hundred thousand more will be needed soon by the six dispatch offices which are now shipping books to France. The books are packed at these dispatch offices in strong cases, so built that they serve as a bookcase.

They do on th edesks of transports, in cargo vessels and in naval vessels. Those that go on the decks of transports are open so that the men may have reading matter for use on the voyage. All these books are gathered together again, however, replaced in the cases and delivered to the proper officials in France.

In France, the books are distributed by an experienced Librarian, representing the American Library Association. Most of them go to the Y. M. C. A., Red Cross and Salvation Army huts, hospitals and canteens. Others go directly to chaplains and officers.

THRIFT STAMPS ARE SOLD TO DANCERS

Through the energy and enterprise of Fred B. Lamoine, Harry Marcus, of the Big Store, Harry Pulse and Mrs. C. F. Donnelly and the Misses Inman, Costello Glazier and McGinty, one hundred dollars' worth of thrift stamps were sold last night at the Donnelly ball at East Shore Park.

Deputy Postmaster R. E. Coffey accompanied the contingent of merchants to the pavilion and took along the stamps and they were readily disposed of by the ladies who volunteered their services for the work.

AMERICANS MAKE GAINS AT FISMES

WASHINGTON, Aug. 27.—Americans have gained "some ground west of Fismes and brought back prisoners," General pershing reported to the War Department today. The communique follows:

"During the course of a local engagement west of Fismes the American troops gained some ground and brought back prisoners. In Alsace a raid was repulsed with loss to the enemy."

SENATE EXPECTS THE STRIKERS' AMENDMENTS

WASHINGTON, Aug. 27.—By a vote of 73 to 0, the Senate today tentatively accepted Senator Cummins' amendment to the man power bill work or fight amendment, providing that the provision shall not apply in cases of labor strikes where the strikers submit their grievances to the War Labor Board and return to work at once pending the board's decision.

ALPINE COUNTY TO BE RULED BY WOMEN

MARKLEEVILLE, Cal., Aug. 27.—Alpine County, where only eighty-nine voters are registered for the California primary election, being held today, is likely to be governed almost exclusively by women after January 1.

Mrs. William Barrett and Mrs. A. W. Gray are the only candidates for the joint office of county clerk, auditor and recorder. Mrs. George Koenig and Miss Elizabeth seek the joint offices of treasurer and tax collector and are opposed by one male candidate. Only men are seeking the office of sheriff.

Seventy-one Republicans are registered for the primary, fifteen Democrats and three declined to state party affiliations.

ARRESTED FOR STEALING.

W. C. White was arrested yesterday by the local police charged with stealing an automobile from Oakland. The machine and prisoner were returned to that city yesterday.

LOCAL THEATRE CROWDED FOR WAR FILM

No great picture has ever taken this city by storm as "Hearts of the World," the tremendous D. W. Griffith production, showing for the last time tonight at the Richmond Theater. The reason is that it is not only the stern interest of war but the softer, gentler breathing of a romance which gives it life and tone and offers a superb story about which to throw the setting of war and bloodshed.

Taken on the battlefields of France with the British and French Armies, the picture has an unsurpassed realism which has never been excelled in any film. Crowded houses greeted the film at every performance. An excellent orchestra accompanies the film.

CITY COUNCIL.

(Continued from First Page.)

basement. It would be interesting to know how much these spuds cost the city, but that is probably a secret. There are twenty sacks of them and they are to be turned over to the Social Service Bureau for distribution among the poorer families of the city. At that the investment was a good one and the recipients will be deeply grateful.

Building Inspector Apperson was granted a two weeks' leave of absence to enjoy his regular annual vacation.

The East Bay Water Company's Manager, Mr. C. E. Clark, appeared before the council at the meeting last night and requested that the city discontinue the use of all water except for domestic purposes. The mayor pro tem appointed a committee to call on the railroad commission to ascertain why we are not to be permitted use of water for war gardens. It was stated that the water is useless for drinking purposes and that the city is entitled to keep the war gardens from dying out for the want of a little of the life-giving fluid.

The Western Pipe and Steel Company wants the city to pay a bill which is alleged to be due from the Richmond Dredging Company. The debt was incurred in 1917, according to the communication, but the city contends that it does not owe the corporation anything and therefore the claim was not allowed, nor will it be considered.

The tax rate will be the same this year as last, according to the ordinance fixing the rate which was read the first time last night. Last year the tax rate was $1.26. The ordinance will come up for final passage next Monday evening.

Beverly R. Hodgehead, former mayor of Berkeley and an attorney at law, appeared before the council last night and requested the city to count in its levy the money which is alleged to be due J. H. Carey on a judgment held by that gentleman against the city for the sum of $17,000, damages which he claimed was sustained to his property by reason of the construction of the municipal highway leading to the wharf. As a matter of fact the property was enhanced in value by the construction of the highway and the city will endeavor to show a higher court that such is the case. The matter will probably be discussed at greater length at the next meeting of the council.

The Santa Fe asked permission to also cross Eighteenth street, in connection with the map and plans already submitted. They will also maintain a gate and gateman at the Twenty-third street crossing. It was laid over until next week.

Contracto T. F Clinch was given a thirty day extension on the building of sewers in the Brown Andrade Tract.

Contractor T. E. Clinch was given thirty day extension on work at Tenth street.

Complaint is made that the trains of the Southern Pacific and Santa Fe running through this city are making altogether too much noise and they are going to be suppressed. Bells are ringing all night and whistles tooting, greatly to the discomfort of people who are trying to sleep. The council at one time threatened to pass an ordinance suppressing the noise of trains, but was told by the railroad people that if they would not enact the law that they would curb their trainmen from making night hideous to the inhabitants of the city. But they are not keeping their promise, but are ignoring it entirely. Perhaps they think the city has no rights in the matter now that the government has charge of the roads.

Have the Record-Herald follow you on your vacation.

EAST BAY WATER CO.

This is the second bulletin on the subject of quality of water, and deals with the subject of color, taste and odor.

COLOR. For a short time last week, the water supplied by us was badly colored. This was due to the turbidity of the Lake Chabot supply. The excessively dry year caused the water in the lake to drop to so low a level that motors and pumps were needed to enable us to remove the turbidity. We anticipated this situation, and ordered pumps and motors months ago, but wartime demands on manufacturers prevented delivery of this equipment. This condition is now corrected, and there should be no further cause of complaint.

The colored water temporarily supplied was perfectly safe, as every drop was sterilized before delivery.

At times our water will have a slightly milky cast. This is due to air in the water, resulting from our use of pumps and compressors. If allowed to stand a second or two, the water will clear as the air rises.

TASTE AND COLOR. All waterworks using storage have to content with algae. They are a microscopic vegetable growth produced by action of sunlight on water. Every recognized authority agrees that these algae are perfectly harmless from a health standpoint, but they do produce a slight taste and odor. No apprehension as to the safety of the water should be felt on this account. We propose to remove the presence of algae by covering all distributing reservoirs.

Respectfully submitted,

W. E. CREED, President.

East Bay Water Company

REGISTERING MACHINERY.

(Continued from page One)

yet attainted their forty-sixth must register, except:

A.—Those registered under the act of May 18, 1917 (the original draft act, which fixed the ages from 21 to 31, inclusive) and those registered under the act approved May 20 (providing for the registration of those coming of age after the first registration).

B.—Officers and enlisted men of the regular army, the national army, the national guard, if in the service of the United States, and officers of the officers' reserve and enlisted men of the United States.

C.—Officers and enlisted men of the navy and marine corps and of the naval reserve and marine corps reserve, if in the service of the United States.

All such persons, however, must register immediately upon leaving the service of the United States, and citizens and persons who have declared their intentions of becoming citizens, who do not register because they are out of the country on the day of registration, must register within four days of their return to the country.

The same registration machinery is set up as was used in the first registration.

The provost marshal-general warns every one that violation of the regulations or failure to register is a misdemeanor, punishable by a year's imprisonment.

KERMIT ROOSEVELT TO BE GIVEN WAR CROSS

LONDON, Aug. 27.—Lieutenant Kermit Roosevelt, the youngest son of the ex-president, has been gazetted for the military cross.

When the United States declared war on Germany, Kermit sought and obtained a commission with the British forces in Mesopotamia. Later he obtained a transfer and for several months has been engaged in the activities on the western front.

SWIFT & COMPANY U.S.A.

Packers' Profits Are Regulated

The public should understand that the profits of the packers have been limited by the Food Administration since November 1, 1917. For this purpose, the business of Swift & Company is now divided into three classes:

Class 1 includes such products as beef, pork, mutton, oleomargarine and others that are essentially animal products. Profits are limited to 9 per cent of the capital employed in these departments, (including surplus and borrowed money), or not to exceed two and a half cents on each dollar of sales.

Class 2 includes the soap, glue, fertilizer, and other departments more or less associated with the meat business. Many of these departments are in competition with outside businesses whose profits are not limited. Profits in this class are restricted to 15 per cent of the capital employed.

Class 3 includes outside investments, such as those in stock yards, and the operation of packing plants in foreign countries. Profits in this class are not limited.

Total profits for all departments together in 1918 will probably be between three and four per cent on an increased volume of sales.

The restrictions absolutely guarantee a reasonable relation between live stock prices and wholesale meat prices, because the packer's profit cannot possibly average more than a fraction of a cent per pound of product.

Since the profits on meat (Class 1) are running only about 2 cents on each dollar of sales, we have to depend on the profits from soap, glue, fertilizer (Class 2, also limited) and other departments, (Class 3) to obtain reasonable earnings on capital.

Swift & Company is conducting its business so as to come within these limitations.

Swift & Company, U. S A.
